From our Board President

The future of our organization is incredibly bright. I'm inspired by the passion and commitment of everyone who makes this work possible, and I look forward to building on that momentum as we continue creating safe, affordable homes and lasting change in the lives of the families we serve.

Jenny Duncan

Community Collaboration

In 2025, Habitat for Humanity and the Medina County Land Bank began a new partnership to build affordable new homes utilizing Welcome Home Ohio Funding. Two new homes were built in Brunswick and Wadsworth as part of this partnership. A total of six new homes will be built in Medina County with Welcome Home Ohio funding.

From our Executive Director

"This past year has been a year of transformation for Habitat for Humanity of Medina County. Our affiliate embraced exciting new partnerships while navigating an important leadership transition. I want to extend my sincere gratitude to Tom O'Connell, whose leadership created a strong foundation upon which we will continue building an impactful future. I am equally grateful to our incredible staff, volunteers, and donors who generously share their time, talent, and treasure in support of our mission. Because of you, families in Medina County are achieving strength, stability, and self-reliance through homeownership. I am excited about the future of our affiliate as we build upon this momentum to serve even more families in our community.

There has never been a more important time to join this mission. Access to affordable housing is essential to building thriving communities. I invite our community to join us this year—volunteer on a build site, visit and shop the ReStore, or support our work through advocacy or philanthropy. Your support helps families create pathways to brighter futures."
